The history of **RAIN** actually predates the Broadway hit "Beatlemania", from which RAIN's all-star cast was recruited. There are other acts who respectfully attempt to replicate a subset of the **Beatles** music, but only **RAIN** can perform the full range of the Beatles discography live onstage, including the most complex and challenging songs that the Beatles themselves recorded in the studios but never performed for an audience. No other rendition of the Fab Four's music comes close to this level of performance, which has taken years of mastery and attention to detail that is unmatched. From the early days of their appearance on the Ed Sullivan show in 1964, through the Sgt. Pepper era and on to the Abbey Road years, RAIN's performance captures it all flawlessly.
