

Attention all Mammoth and out-of-state skiers!

I'll start with the status of our two out-of-state trips for 2021; Aspen/Snowmass and Jackson Hole. Both trips are a definite go! We now have signed contracts for air and lodging! Please mark the dates on your calendar. Aspen/Snowmass will be Jan 16-Jan 23, 2021 and Jackson Hole Feb 27-Mar 6, 2021. We don't have pricing yet. When we do, we will get the flyers out and let you know all the details, including signup information.

Here's what you need to know regarding the Ikon pass. Regardless of which pass you choose, please use the following link to purchase. <https://www.sportsamerica.com//ikon-conejo>.

If you **DO NOT** plan to participate in our out-of-state ski trips but will be skiing Mammoth only, I would consider buying the Ikon base pass **if you plan to ski more than four days**. Due to the fact the base pass includes blackout dates, this is your least expensive option. You have until **June 16** to purchase the pass before **the price goes up!**

If you plan on participating in our out-of-state trips to Aspen/Snowmass, Jackson Hole or both, you will need to purchase the Ikon plus pass in order to ski these mountains **(the Ikon base pass will not work!)**. Again, I would suggest that you do so by June 16 before the price goes up! The Ikon plus will cost \$150 more than the Ikon base for all ages. The Ikon plus pass will allow you to ski five days at both Aspen/Snowmass and Jackson Hole. However, the Ikon plus does have blackout dates. Sunday, Jan 17 (our first day at Snowmass) is a blackout date. If you plan to ski on that date, or if you want to ski a sixth day at Jackson Hole or Aspen/Snowmass, then I suggest you purchase the full Ikon pass. The full Ikon will cost an additional \$50 over the price of the Ikon plus. It will also allow you to ski Mammoth without any blackout dates.

What if I already purchased the Ikon base pass and later decide I want to ski Aspen or Jackson Hole?

Whether you renewed your Ikon base pass prior to Jun 16 through the Sports America link or the Ikon call center, you can change your Ikon base pass to an Ikon plus by calling (888) 365-4566 and requesting the add on. The cost will be \$150. As of today, you have until Dec 10 and the difference in price between the Ikon base pass and the base plus will not go up. However, if you want to upgrade to the full Ikon (no blackout dates), you can do it for \$200 by going through the procedure below, or by calling Brandon at Sports America. He can be reached at (800) 876- 8551 ext. 113.

1. Ensure a credit card is saved on your Ikonpass.com account. (go to login, account, addresses, payments, and resort charge and update payment method)
2. Send an email to mountainambassador@alterramtnco.com with your full name and date of birth, ski club name and passes you want to upgrade.
3. An email confirmation will be sent within 72 hours M-F.

Please contact me if you have any questions. Regards. Chuck Ames/Conejo Ski VP
